PROFESSIONAL SUMMARY

Currently seeking a role as a data analytics professional to showcase all the data skills I have learned to date. My Ideal Job would be one where I am constantly challenged and given many opportunities for growth and improvement, as I'm a firm believer that you are never done learning.

WORK EXPERIENCE

Print Shop Assistant

Creative Games Inc.

April 2023 - Present

- Assist with the production and construction of various graphical products such as photo booths, custom bars, signs, etc. for use at well funded parties
- Have previously worked several of the parties while still in high school, operating different booths/stations and regularly explaining all of our services to attendees
- Several tasks divided among the team to do independently before coming together to finish as a group to meet weekly deadlines

Freelancer

Upwork (Using the website)

December 2022 - Present

- Performing data cleaning tasks and EDA in python

Stocker

Walmart

December 2021 - June 2022

- Carried out independent tasks such as stocking/organizing shelves with merchandise while simultaneously assisting customers
- Cooperated as a team unloading 2000+ piece trucks in a timely fashion while ensuring all items were organized by department
